

USDA Rural Development prepared this resource directory to improve lines of communication and networking opportunities between agencies, organizations, Indian Tribes, and others working in the fields of economic and community development in Montana. Anyone involved in economic and community development will benefit from the information contained in this directory.

We have attempted to identify the “key” players in economic and community development throughout Montana, and also those programs/organizations that hold potential for financial and technical resources for our development partners.

We are pleased to be able to provide this information as part of our on-going effort to improve our service to the State of Montana and our American Indian Tribes. To ensure that the information provided is as complete as possible, we would encourage you to add or update information as needed through a letter to our State Office or telephone call or email to Brenda Sorensen (406-585-2580; Brenda.Sorensen@mt.usda.gov) or Bob Parsley (406-585-2588; Bob.Parsley@mt.usda.gov). Our combined efforts will help keep the information up-to-date and accurate for optimal use. We also welcome any additions to the directory for partners we may have unintentionally overlooked. This directory can be accessed online at www.rurdev.usda.gov/mt

INDEX	

MONTANA USDA RURAL DEVELOPMENT

USDA Rural Development has three program areas: Business-Cooperative Programs; Community Programs; and Housing Programs. Each area has numerous programs available to help rural communities prosper. Assistance is targeted to rural communities and residents who meet federal income and population requirements.

Business-Cooperative Programs provides financial and technical assistance to emerging and expanding rural businesses and cooperatives. Business-Cooperative Programs also provides loans and grants to construct, enlarge, improve or purchase essential community facilities.

Community Programs provides financing to rural areas for water, wastewater and solid waste disposal.

Housing Programs help finance new and improved single and multi-family housing for very-low to moderate income households

This directory is designed to provide you with contact information for the various program areas. For more information about any of the programs, you may contact the specific program area, your local Rural Development Area Office, or the Rural Development State office.

Committed to the future of rural communities.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W. Washington, D.C. 20250-9410, or call (800) 795-3272 (voice), or (202) 720-6382 (TDD). "USDA is an equal opportunity provider, employer, and lender."
